xm is a good service for the fcc to try to take it away the traffic is not a good thing alot of people count on that if the radio stations don't like it they should be alot better i don't think just because xm is a better service the other stations should not complain "it is not fair that xm is taking their listerns" if they had more range and play i want to hear what do they think that they are going to loose people that is the open market we the people can decide what we want not some people who thing they know what is good for us thanks
